2H24 CONSIDERATIONS

REVENUE

Derson

- System credit growth steady
- 1H24 Core NIM 1.80%, Exit 1.80%¹
- Mortgage competition continuing, but moderating
- Deposits mix impact stabilising, competition risks remain
- Higher earnings on capital and hedged deposits

EXPENSES

- Increased investment in UNITE from 2H24
- Lower software capitalisation rate
- Inflation impacts moderating
- Cost reset to continue

CREDIT QUALITY & BALANCE SHEET

- Credit quality sound, expect some deterioration
- Retain strong balance sheet settings

The information on this page contains 'forward-looking statements' and statements of expectation reflecting Westpac's current views on future events. They are subject to change without notice and certain risks, uncertainties and assumptions which are, in many instances, beyond its control. They have been based upon management's expectations and beliefs concerning future developments and their potential effect on Westpac. Should one or more of the risks or uncertainties materialies, or should underlying assumptions prove incorrect, actual results may differ materially from those expressed or implied in such statements. Investors should not place undue reliance on forward-looking statements and statements of expectation. Except as required by law, Westpac is not responsible for updating, or obliged to update, any matter arising after the date of this presentation. The information in this page is subject to the information in Westpac's ASX filings, including in its 2024 Interim Report and elsewhere in this presentation. The speciation.

AUSTRALIAN ECONOMY: OUTLOOK IMPROVING

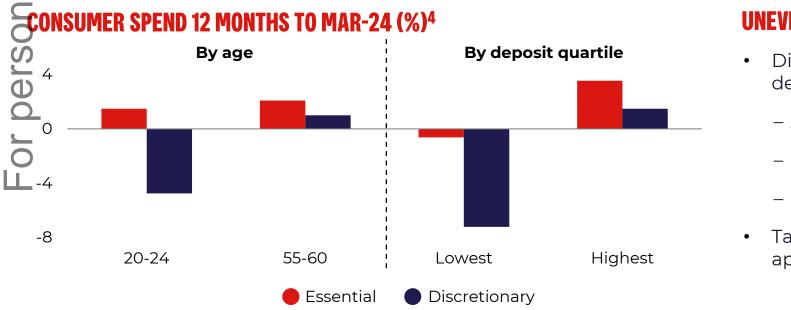

AUSTRALIAN ECONOMICS¹

 \square

| | H2 2023 | 2024F | 2025F |
|---|---------|-------|-------|
| GDP ² | 1.0 | 1.6 | 2.5 |
| CPI ² | 3.6 | 3.0 | 2.7 |
| \mathcal{O} Unemployment rate ³ | 3.9 | 4.5 | 4.6 |

SOFT LANDING WITH ACTIVITY EXPECTED TO RECOVER

- Real household incomes rising
- Tax relief from mid 2024
- Modest rise in unemployment expected

UNEVEN IMPACTS FROM SLOWDOWN

- Disproportionate affects depending on:
 - Age
 - Income
 - Wealth
- Targeted budget relief appropriate

SINGLE MEASURE OF PERFORMANCE – NET PROFIT AFTER TAX

Westpac uses net profit after tax to assess financial performance at both a Group and segment level

Notable Items are shown separately to clarify underlying operating performance and allocated to the following categories:

- Large items that are not reflective of the Group's ordinary operations which may include:
- Provisions for remediation, litigation, fines and penalties
- The impact of asset sales and revaluations
- The write-down of assets (including goodwill and capitalised software)
- Restructuring costs
- Hedging items^{1,2}:

С

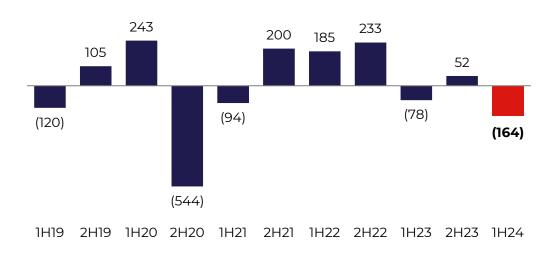

USe

- Unrealised fair value gains and losses on economic hedges that do not qualify for hedge accounting
- Net ineffectiveness on qualifying hedges

1 In 2H21 Westpac Lender's Mortgage Insurance Limited was sold to Arch Capital Group. Westpac has entered into a 10-year exclusive supply agreement for Arch to provide lenders mortgage insurance to the Group. 2 Includes loans where LMI applies to >70% LVR loans, for example, single industry towns.

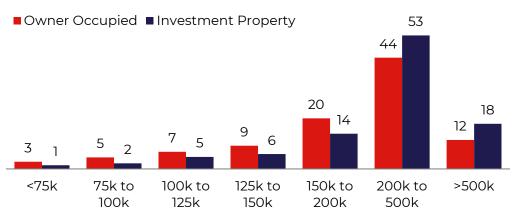

AUSTRALIAN MORTGAGE PORTFOLIO LOAN-TO-VALUE RATIOS (LVRS)

SERVICEABILITY ASSESSMENT CREATES A BUFFER FOR BORROWERS

- Loans are assessed at the higher of:
 - The customer rate, including any life-of-loan discounts, plus the serviceability buffer of 3.0%; or
 - The minimum assessment rate, called the "floor rate", currently 5.05%
- A serviceability buffer of 1.0% may be applied on an exceptions basis for certain customers seeking to refinance their loan, subject to eligibility criteria including LVR, bureau score and repayment amounts
- Interest only (I/O) loans: Assessed based on the residual principal and interest (P&I) term using the applicable P&I rate, plus a 3.0% buffer
- **New fixed rate loans:** Assessed on the variable rate to which the loan will revert after the fixed period, plus a buffer

APPLICANT GROSS INCOME BAND (1H24 DRAWDOWNS, % BY APPROVED LIMITS)

Charts may not add to 100 due to rounding

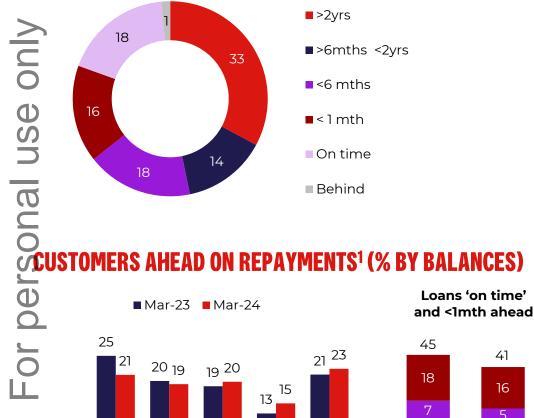

1 Dynamic LVR is the loan-to-value ratio taking into account the current loan balance, changes in security value, offset account balances and other loan adjustments. Property valuation source CoreLogic. 2 Weighted average LVR calculation considers size of outstanding balances. 3 Average LVR of new loans is on rolling 6 months.

AUSTRALIAN MORTGAGE PORTFOLIO REPAYMENT BUFFERS

Property valuation source CoreLogic.

AUSTRALIAN MORTGAGE PORTFOLIO UNDERWRITING

CREDIT POLICY AT MARCH 2024

| Income | Verified via payslips, tax returns or salary credits, with other supporting documentation such as PAYG payment summaries or ATO Income Statements (minimum standards apply) Shading of at least 20% applies to less certain income sources i.e. overtime, bonuses |
|---|---|
| Credit Score & Credit Bureau | Bespoke application scorecards segmented by new and existing customers Credit and score override rates tracked and capped Credit bureau checks required |
| Expenses | Assessed as the higher of a borrower's HEM¹ comparable expenses or HEM plus any expenses that are not comparable to HEM (e.g. private school fees, life insurance) HEM is applied by income bands, post settlement postcode location, marital status and dependants 17 expense categories used, aligned with Melbourne Institute guidelines and LIXI standards |
| Serviceability assessment | For serviceability assessment, loans are assessed at the higher of: The customer rate, including any life-of-loan discounts, plus the serviceability buffer of 3.0%, or The minimum assessment rate, called the "floor rate", currently 5.05% A serviceability buffer of 1.0% may be applied on an exceptions basis for certain customers seeking to refinance their loan, subject to eligibility criteria For I/O loans, serviceability is assessed on a P&I basis over the residual term New fixed rate loans assessed on the variable rate to which the loan will revert after fixed period, plus a buffer All existing customer commitments are verified Review Westpac Group accounts and Comprehensive Credit Reporting (CCR) to identify customer commitments Limits apply to higher debt-to-income lending; >7x referred for manual credit assessment where LVR >80% Credit card repayments assessed at 3.8% of limit or balance whichever is higher |
| Genuine savings deposit requirements | Minimum 5% proof of genuine savings for higher LVR loans (typically LVR >90%). Any Home Owner Grants are not considered genuine savings |
| Security | LVR restrictions apply depending on location, property value and nature of security Restrictions on high-density apartments based in postcode defined areas, generally capital city CBD's and properties in towns heavily reliant on a single industry, e.g. mining, tourism |
| LMI | Mortgage insurance for higher risk loans, such as LVRs >80%. Special package policy waivers apply for certain professionals and Westpac Group staff |

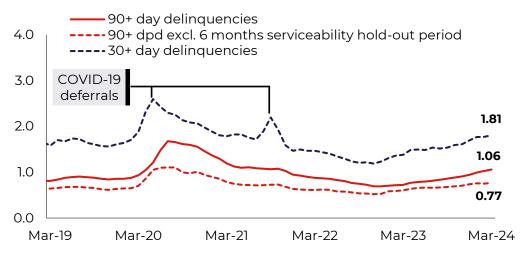

1 HEM is the Household Expenditure Measure, produced by the Melbourne Institute.

CAPITAL, FUNDING AND LIQUIDITY

1 Chart may not add due to rounding. 2 Mark to market (MTM).

REGULATORY CAPITAL CHANGES

| Implementation | Change | Details | Expected impact on the Group's capital ratios |
|---|----------------------------------|---|---|
| | Additional Tier 1 Capital | In September 2023, APRA released a discussion paper to explore options for, and seek feedback from stakeholders on improving the effectiveness of Additional Tier 1 capital in Australia. APRA is expected to consult further in the first half of calendar year 2024 | |
| 2025 | APS117 – IRRBB | Currently standardising aspects of the calculation of IRRBB capital to reduce volatility over time and variation between ADIs | |
| Jan 2026 | APS116 – Market Risk | APRA is yet to commence consultation on Fundamental Review of the Trading Book | |
| D Jan 2024 and Jan 2026 | Loss Absorbing Capacity (LAC) | Total capital ratio requirement: Current 16.75% 1 January 2026 18.25% | |
| Current and finalised by 1 Jul 2028 | RBNZ Capital Review | D-SIBs¹ total capital requirements increasing to 18% by 1 July 2028. Includes Tier 1 capital requirement of 16% of which 13.5% must be CETI capital | |

1 Domestically systemically important bank (D-SIB).

INTERNATIONALLY COMPARABLE CAPITAL RATIO RECONCILIATION¹

APRA's capital requirements are more conservative than those of the Basel Committee on Banking Supervision (BCBS), leading to lower reported capital ratios by Australian banks. The following details the adjustments and how Westpac's APRA CETI capital ratio aligns to an internationally comparable ratio:

| Westpac's CETI capital r | atio (APRA basis) | 12.5 |
|---|---|-------|
| Equity investments | Balances below prescribed threshold are risk weighted, compared to a 100% CETI deduction under APRA's requirements | 0.0 |
| Deferred tax assets | Balances below prescribed threshold are risk weighted, compared to a 100% CETI deduction under APRA's requirements | 0.6 |
| Capitalised expenses | APRA requires these items to be deducted from CETI. The BCBS only requires exposures classified as intangible assets under relevant accounting standards to be deducted from CETI | 0.7 |
| Interest rate risk in the banking book (IRRBB) | APRA requires capital to be held for IRRBB. The BCBS does not have a Pillar 1 capital requirement for IRRBB | 1.4 |
| RWA scaling factor | APRA applies a scaling factor to all Advanced IRB ² credit RWAs. The BCBS does not apply this scalar | 0.9 |
| Property finance | APRA applies an additional scaling factor to property finance RWA. The BCBS does not apply this scalar | 0.3 |
| Residential mortgages | APRA applies scaling factors to mortgage RWAs for higher risk segments such as interest only and investor mortgages and applies a standardised risk weight to certain mortgages. The BCBS does not apply this treatment | 1.9 |
| Non-retail Loss Given Default (LGD) | Non-retail LGD's under the Foundation IRB (F-IRB) and Advanced IRB approaches differ from the BCBS | (0.3) |
| New Zealand | APRA requires New Zealand RWAs to be largely calculated in accordance with the RBNZ rules. The RBNZ rules are more conservative than BCBS | 0.6 |
| Internationally compara | ble CETI capital ratio | 18.6 |
| Internationally compara | ble Tier 1 capital ratio | 21.8 |
| Internationally compara | ble total regulatory capital ratio | 30.4 |

1 Internationally comparable methodology references the ABA study on the comparability of APRA's new capital framework and finalised reform released on 10 March 2023. 2 Internal ratingsbased approach (IRB).

1 Comparison group comprises listed commercial banks with assets in excess of A\$700bn and which have disclosed fully implemented Basel III ratios or provided enough to estimate. Based on company reports/presentations. Ratios are at 31 December 2023, except for China Construction Bank and ANZ which are at 30 September 2023, Bank of Montreal, Toronto Dominion Bank, Royal Bank of Canada, CIBC and Scotiabank which are at 31 January 2024, and National Australia Bank and Westpac which are at 31 March 2024. Where accrued expected dividends have been deducted and disclosed, these have been added back for comparability. US banks are excluded from leverage ratio analysis due to business model differences, for example from loans sold to US Government sponsored enterprises. NAB has not disclosed an internationally comparable leverage ratio since September 2017 and has therefore been excluded.

⁷⁸ Westpac Group 2024 Interim Results Presentation & Investor Discussion Pack

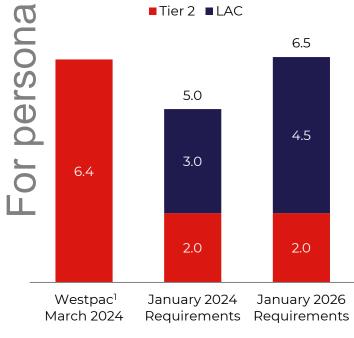

LOSS-ABSORBING CAPACITY AND TIER 2 CAPITAL

LOSS-ABSORBING CAPACITY (LAC)

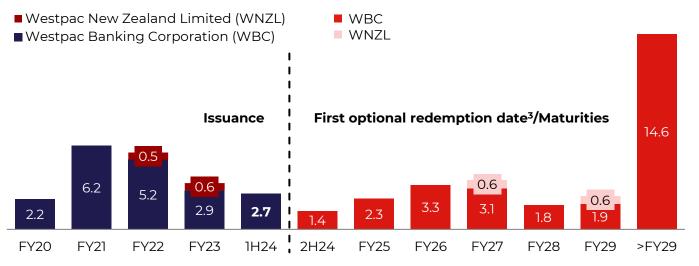

- Westpac is well progressed to meet APRA's final LAC requirement of an additional 4.5% of RWA by 1 January 2026
 - To date this has been met through Tier 2 capital, which is now 6.42%
- The Group expects to run a buffer in Tier 2 capital above the final LAC requirement

Tier 2 and LAC requirements (%)

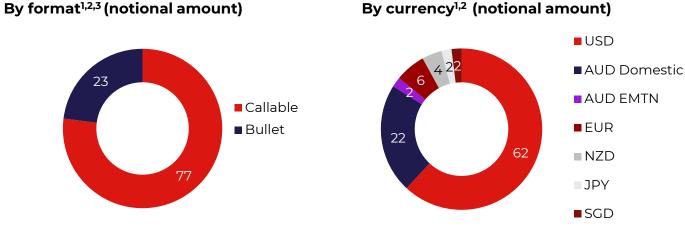

Ľ

TIER 2 PROFILE^{1,2,3} (NOTIONAL AMOUNT, A\$BN)

TIER 2 CAPITAL (%)

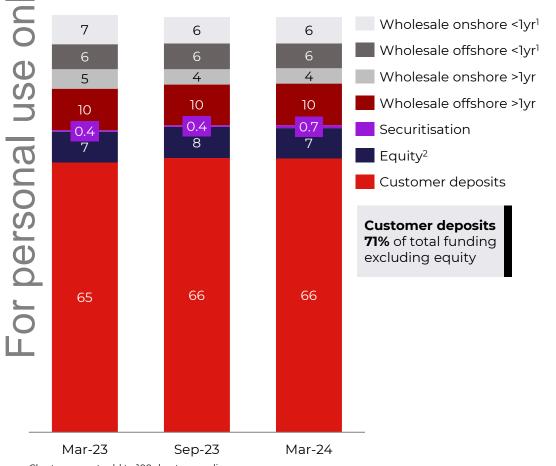

1 Includes Westpac New Zealand Limited (WNZL). WNZL Tier 2 does not count for APRA Tier 2 or LAC requirements. 2 Represents A\$ equivalent notional amount using spot FX translation at date of issue for issuance and spot FX translation at 28-Mar-24 for redemptions/maturities. Securities in callable format profiled to first call date. Securities in bullet format profiled to maturity date. 3 Any early redemption would be subject to prior written approval from APRA, which may or may not be provided.

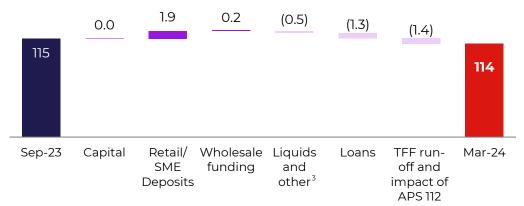

FUNDING COMPOSITION

FUNDING BY RESIDUAL MATURITY (%)

- Focus on stable funding sources
- Customer deposits provide 66% of total funding, or 71% excluding equity
 Additional 22% from stable sources of long-term wholesale and equity

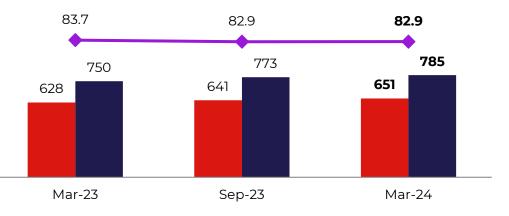

NET STABLE FUNDING RATIO (%)

CUSTOMER DEPOSITS AND NET LOANS (\$BN)

■ Customer deposits ■ Net loans → Customer deposits to net loans ratio (%)

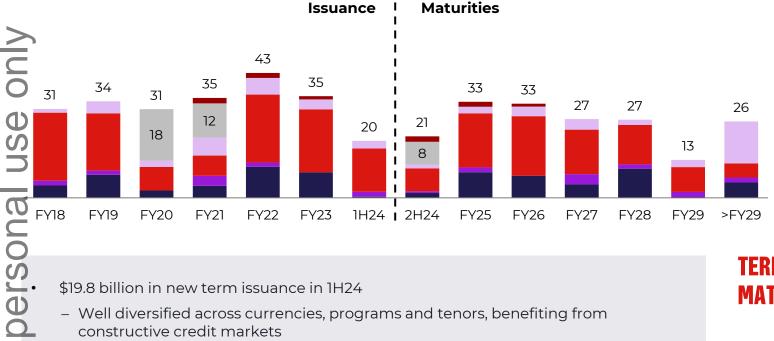

Charts may not add to 100 due to rounding

1 Includes long term wholesale funding with a residual maturity less than or equal to 1 year. 2 Equity excludes FX translation, available-for-sale securities and cash flow hedging reserves. 3 Other includes derivatives and other assets.

LONG TERM WHOLESALE FUNDING PROFILE

TERM DEBT ISSUANCE AND MATURITY PROFILE¹ (\$BN)

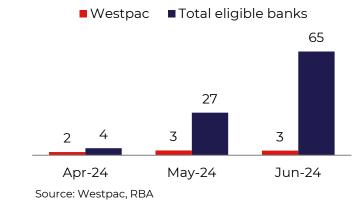

\$19.8 billion in new term issuance in 1H24

- Well diversified across currencies, programs and tenors, benefiting from constructive credit markets
- Strong AUD liquidity conditions continued in 1H24
- SEC registration remains a key advantage in US\$ market access
- Well managed Group maturity profile

For

- Term Funding Facility drawdowns managed to support a smooth LCR profile
- Limited remaining Term Funding Facility drawdowns, expected to be refinanced within normal funding capacity

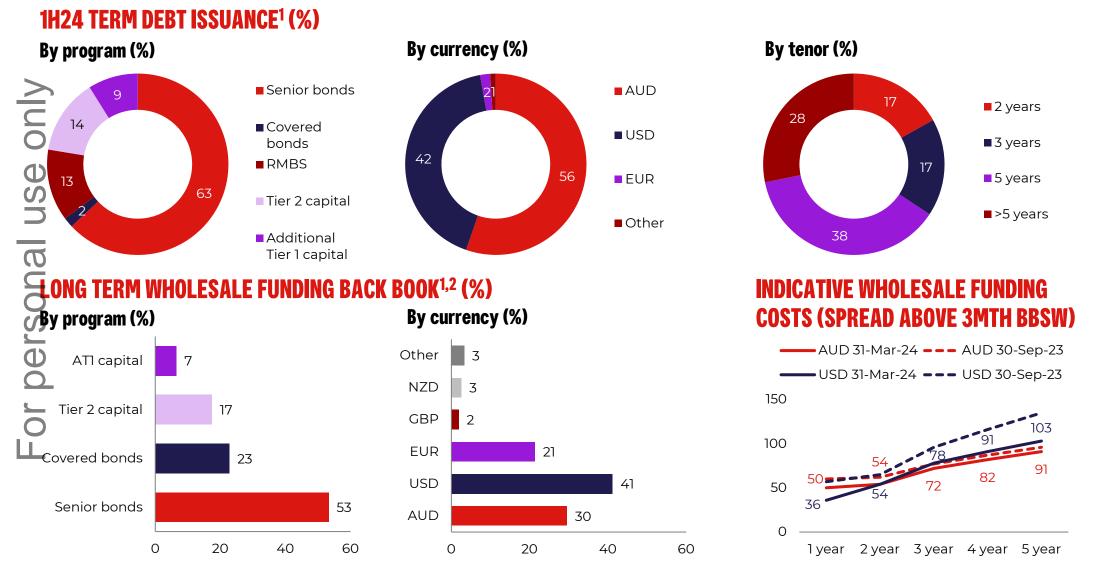

TERM FUNDING FACILITY (TFF) MATURITIES (\$BN)

1 Based on residual maturity and FX spot currency translation. Includes all debt issuance with contractual maturity greater than 13 months excluding US Commercial Paper and Yankee Certificates of Deposit. Contractual maturity date for Additional Tier 1 capital instruments and callable Tier 2 capital instruments is the first scheduled conversion date or call date for the purposes of this disclosure. Any early redemption would be subject to prior written approval from APRA, which may or may not be provided. Maturities exclude securitisation amortisation.

LONG TERM WHOLESALE FUNDING DIVERSIFICATION

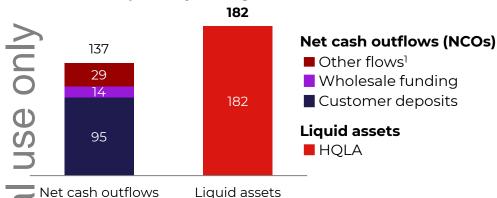

1 Charts may not add due to rounding. Data excludes Term Funding Facility and Funding for Lending Program. 2 Back book data excludes Securitisation.

SUSTAINABILITY STRATEGY^{1,2}

1 This presentation contains 'forward-looking statements' and statements of expectation reflecting Westpac's current views on future events. They are subject to change without notice and certain risks, uncertainties and assumptions which are, in many instances, beyond its control. Please refer to the disclaimer at the back of this presentation. Further details on our commitments, targets and other supporting information is contained in our 2023 Annual Report, Climate Report and Sustainability Index and Datasheet. 2 See our website for more information on our sustainability strategy: www.westpac.com.au/about-westpac/sustainability/our-strategy/

90 Westpac Group 2024 Interim Results Presentation & Investor Discussion Pack

SUSTAINABILITY

SUSTAINABILITY GOALS AND METRICS

1 ENHANCE FINANCIAL INCLUSION AND EQUALITY

Inclusive access to banking

- New/improved product features/ services supporting vulnerable customers¹
- 90-day digitally active customers²
- Customers with access to digital banking³

Reduce inequality for women/families and encourage savings for the young

- Customers under 30 with a savings goal⁴
 - Customers who earnt Spend & Save interest at least once in the year⁵

The that may be excluded

 Residential mortgage balance of customers using housing inclusion solution⁶

4 BECOME A NATURE POSITIVE BANK

Goals and metrics to be developed

2 STRENGTHEN DATA SECURITY AND PROTECTION

Reduce impact of scams

- Westpac's scam detection rate⁷
- Total scam prevented loss to customer⁸

Maintain data security aimed to prevent information exposure

 Data breaches reported to the Australian privacy regulator⁹

5 RESPECT AND ADVANCE HUMAN RIGHTS

Indigenous financial inclusion

- Indigenous call centre unique customers¹⁰
- Spend with Indigenous-owned businesses¹¹

Advocate in Australia for safeguarding children

- New product features/solutions with safeguarding¹²
- Businesses engaged on child safeguarding through the Australian Business Coalition for Safeguarding Children¹³

BECOME A NET-ZERO, CLIMATE RESILIENT BANK

Reduce emissions consistent with our NZBA commitment

- Reduction of scope 1 and 2 direct operational emissions¹⁴
- Reduction of scope 3 upstream emissions¹⁵
- NZBA sector target tracking¹⁶

Provide sustainable finance

• Sustainable lending and bond facilitation classified as Green or Transition¹⁷

6 ENABLE DIVERSITY AND INCLUSION

Continue to enhance inclusion in our workplace

- Organisational Health Index¹⁸
- Women in Senior Leadership¹⁹

Support job creation and invest in a new generation of leaders

- Diverse supplier spend²⁰
- Jobs created by Westpac Foundation supported partners^{21, 22}
- Scholarships awarded by Westpac Scholars Trust^{23,24}

See our website for full details on our sustainability strategy – **westpac.com.au** More on our response to digital banking, scams, data security, climate change and workforce inclusion in this pack

Note: See footnotes on page 112.

1H24 CLIMATE ACTION PLAN PROGRESS

NET-ZERO AND Climate resilience in Our operations

U

N N

σ

rson

U

0

C

Scope 1 and 2 emissions¹ 83% lower (annualised) compared to 2021 baseline. This exceeds our reduction targets (64% by Jun-25 and 76% by Jun-30)²

Sourced equivalent of 100% of our direct electricity demand from renewables in Australia

On track to achieve the equivalent of 100% renewables globally by Jun-25, with ~95% of the renewables expected to be sourced from the markets where the electricity is used

Installed electric vehicle charging stations powered by renewables³ at our Barangaroo (NSW) office

SUPPORTING CUSTOMERS' TRANSITION TO NET-ZERO AND TO BUILD THEIR CLIMATE RESILIENCE

- Set 12 NZBA targets in 8 of 9 NZBA sectors. Currently preparing an Aluminium target
- Continued engaging corporate and institutional customers on ESG topics, with a focus on net-zero (see next page for details)
- Supported our bankers on ESG with specific ESG knowledge experts and targeted training

COLLABORATE FOR IMPACT ON INITIATIVES TOWARDS NET-ZERO AND CLIMATE RESILIENCE

- Participated with the Australian Banking Association (ABA) and Business Council Australia on review and input to the new Australian Accounting Standards Board climate reporting standards
- Reviewed the Australian Government's Climate Active Program through the ABA
- Contributed to the Australian Government's consultation paper on an Australian sustainable finance strategy
- Contributed to the Australian Sustainable Finance Institute's Taxonomy Advisory Group for priority sectors⁴

Note: See footnotes on page 112.

NZBA TARGET AND FOCUS AREA SNAPSHOT

1H24 FOCUS AREAS

• Setting Aluminium target (final sector under our NZBA commitment)

Enhancing processes for assessing transactions in scope of our NZBA targets

Improving the capture, storage, and analysis of the data to monitor and manage our NZBA targets

Continuing engagement with customers, and working with industry groups, on definitions and implementation of our no deforestation commitment

TRANSITION PLAN ASSESSMENTS

- Updated our customer transition plan assessment framework to substantially align with the UK Transition Plan Taskforce framework
- 5 areas of assessment foundation, implementation strategy, engagement strategy, metrics and targets, and governance
- 41 customers assessed against the framework (at Mar-24). Aim to complete >100 assessments by Sept-24

NZBA TARGETS

| Westpac sector | Implied emissions 2030 reduction target to 2021 baseline* (%) | Type of target |
|---|---|----------------|
| Upstream oil and gas | 23 | Absolute |
| Thermal coal mining | 100 | Absolute |
| Power generation | 62 | Intensity |
| Cement production | 14 | Intensity |
| Commercial real estate (offices) | 59 | Intensity |
| Residential real estate (Australia) | 56 | Intensity |
| Steel production | Given the small number of cus target (% reduction) is | |
| Aviation (passenger aircraft operators) | 60 | Intensity |
| Australia Dairy | 10 | Intensity |
| Australia Beef and Sheep | 9 | Intensity |
| NZ Dairy | 10 | Intensity |
| NZ Beef and sheep | 9 | Intensity |

*Baselines for Commercial Property and Residential Real Estate are 2022.

The customers and industries captured in our NZBA emission reduction targets account for up to 48% (FY22) of the Group's estimated scope 1 and 2 financed emissions.

Details of our 12 (2030) emission reduction targets in 8 NZBA sectors are in our 2023 Climate Report.

SUSTAINABILITY AND CLIMATE-RELATED OPPORTUNITIES

In mobilising the capital to support customers' climate transition and build resilience, defining what is "sustainable" is critical.

Our new Sustainable Finance Framework details how we consider sustainable finance transactions and classify them as green, >transition, social or sustainability. Under the Framework we have established 2030 targets of:

\$55bn in lending¹

S

C

\$40bn in bond facilitation²

We are currently assessing our prior lending and bond facilitation transactions and will report progress from FY24.

(Reporting under the Framework replaces previous disclosure on climate change solutions exposure.

SUSTAINABLE FINANCE HIGHLIGHTS:

 \$2.5bn in lending to 23 labelled sustainable finance transactions³ in Westpac Institutional Bank in 1H24⁴

- Supported 426 unique New Zealand customers with labelled sustainable loans³ with TCE of NZ\$5.2bn at Mar-24 (NZ\$2.4bn in the agriculture sector)⁵
- Distributed 10 bonds³ into capital markets with a value of \$7.5bn across Westpac
- Arranged 5 renewable power generation loans in Australia
- Identified and mapped the changes needed to classify transactions under our sustainable finance targets

OTHER HIGHLIGHTS:

- Continued to provide our standard business loans to retrofit commercial buildings to improve energy efficiency and sustainability ratings
- Provided 330 loans for EV/Hybrid vehicles to Australian customers totalling \$14.8m
- Supported female-led small businesses with 316 scale-up and 42 start-up loans, totalling \$107.62m since Mar-23

CARBON TRADING

- Carbon trading desks in Australia & New Zealand
- Continue to engage with customers

GREEN TAILORED DEPOSITS

- Balances doubled over last 6 months to \$1.7bn
- Increased demand for green investments

Note: See footnotes on page 113.

APPENDIX

APPENDIX 3: SUSTAINABILITY – FOOTNOTES

Sustainability goals and metrics

- 1. Number of new and improved product features and services launched that will support vulnerable customers during the financial year. A new or improved feature or service is only counted once, irrespective of how many products it is available on. These product features and services are designed to support or meet the needs of customers who experience vulnerability as defined in the Westpac Customer Vulnerability Policy. 2. Refer to our 2023 Sustainability Index and Datasheet for the definition of digitally active customers. Number of Australian consumer and business customers who own at least one product that can be managed via our online platforms (Westpac Live, Compass, Business Banking Online, Corporate Online or myRAMS). Percentage of customers aged under 30 that have set a savings goal in a Life or Bump account. These accounts provide the ability to set up to six savings goals, including automatic transfers. Number of customers who have received a Spend & Save bonus interest payment at least once during the year. Spend & Save is a proposition available to customers who are: aged 18-29; and have a Westpac Choice transaction account and Westpac Life Savings account. When customers complete 5 eligible debit card purchases in the month, they will receive the Spend & Save bonus interest. 0 Value of home loans drawn under the Home Guarantee Scheme (HGS) and the Head Start Homes Scheme (HSH). The HGS is an Australian Government scheme mostly for first home buyers while the HSH helps some customers that are more vulnerable to own a home. Eligibility criteria apply to both schemes and these are available online. () Percentage of scam cases detected by the bank's systems over total scams. Value of total scam transactions detected and stopped, along with the value of total amounts stopped or recovered and returned to the customer. Refer to our 2023 Sustainability Index and Datasheet for the definition of data breaches in Australia. A unique customer is a customer that has called through to the Indigenous call centre at least once during the reporting period. 10. Refer to our 2023 Sustainability Index and Datasheet for the definition of spend with Indigenous suppliers. **(1**2. Number of new product/service features (or enhanced features) implemented on our accounts that improve child and young person safeguarding. In Australia, a feature must be endorsed by our youth and family banking team, and includes blocks, controls and notifications. 13. Number of additional Australian businesses, engaged through the Australian Childhood Foundation, that have been reached by face-to-face conversations, online meetings, training activities, and advocacy efforts. Refer to our 2023 Sustainability Index and Datasheet for the definition of scope 1 and 2 emissions. Refer to our 2023 Sustainability Index and Datasheet for the definition of scope 3 upstream emissions. Refer to the appendices in the 2023 Climate Report for our NZBA target methodologies. Value of TCE or balance (for residential mortgages) for lending along with the sum of our proportionate share of gualifying bond issuances facilitated that have been classified as 'green' or 'transition' under our Sustainable Finance Framework. Measures organisational health based on McKinsey & Company's OHI methodology. Employees are surveyed to assess organisational health, management practices, and employee experiences. The survey results are provided to McKinsey & Company to calculate our OHI score. Refer to our 2023 Sustainability Index and Datasheet for the definition of women in Senior Leadership. Refer to our 2023 Sustainability Index and Datasheet for the definition of spend with diverse suppliers. Includes jobs created through Westpac Foundation's social enterprise partners and inclusive employment grant program for the financial year. Westpac Foundation is administered by Westpac Community Limited (ABN 34 086 862 795) as trustee for Westpac Community Trust (ABN 53 265 036 982). Westpac Community Trust is a Public Ancillary Fund, endorsed by the ATO as a Deductible Gift Recipient. None of Westpac Foundation, Westpac Community Limited nor the Westpac Community Trust are part of Westpac Group. Westpac provides administrative support, skilled volunteering, donations and funding for operational costs of Westpac Foundation. 23. Westpac Scholars Trust (ABN 35 600 251 071) is administered by Westpac Scholars Limited (ABN 72 168 847 041) as trustee for the Westpac Scholars Trust. Westpac Scholars Trust is a private charitable trust and neither the Trust nor the Trustee are part of the Westpac Group. Westpac provides administrative support, skilled volunteering, and funding for operational costs of Westpac Scholars Trust.
 - 24. Includes scholarships awarded by Westpac Scholars Trust for the financial year. Active Scholars includes the total number of individuals awarded a scholarship and have completed or are in the process of completing their degree or fellowship.

1H24 climate action plan progress

- 1. 2021 baselines for scope 1 and 2 emissions targets adjusted for COVID-19 pandemic and other impacts. Refer to our 2023 Sustainability Index and Datasheet.
- 2. Targets to be reviewed in 2025.
- 3. Supported by surrender of large-scale generation certificates.
- 4. Priority sectors includes buildings and construction (built environment), electricity generation and supply (energy), and minerals, mining and metals (resources).

APPENDIX 3: SUSTAINABILITY - FOOTNOTES

Sustainability and climate-related opportunities

- 1. Our lending target will be the total committed exposure (TCE) or balance (applicable for residential mortgages) at 30 Sept-30. Reported progress against the target will be TCE or balance at a point-in-time based on transactions completed during the year, along with previous transactions assessed as sustainable under the Framework. The target requires continued growth in TCE or balance, including replacing balances paid down.
- 2. Our bond facilitation target and progress will be measured as the cumulative sum of our proportionate share of qualifying bond issuances facilitated from 1 Oct-21.

When structuring or participating in labelled sustainable finance transactions, Westpac was guided by national sustainable finance taxonomies, and global sustainable finance market standards, principles and guidance commonly used to label or categorise loans and bonds as green, social, sustainability or sustainability-linked (such as, principles and guidance issued by the Loan Market Association, International Capital Markets Association and/or the Climate Bond Initiative).

. Excludes Westpac Institutional Bank in New Zealand.

Unique customers are identified as individual legal entities. The increase in the number of unique customers and total committed exposure is predominantly due to the 2023 launch of two new products in New Zealand, the Sustainable Business Loan and the Sustainable Farm Loan.

APPENDIX 3: SUSTAINABILITY

INDUSTRY RECOGNITION

Ranked ninth for the Australian Financial Review and GradConnection Top 100 Graduate Employers for 2024

SUSTAINABILITY INDICES

Member of Dow Jones Sustainability Indices Powered by the S&P Global CSA

At Dec 23, Westpac has received an S&P DJSI ESG score of 53. We have been a member of the DJSI Indices since 2002

M RNINGSTAR SUSTAINALYTICS

At Dec 23, Westpac has received an ESG Risk Rating of 24.1 from Sustainalytics and was assessed to be at Medium risk of experiencing material financial impacts from ESG factors¹

LSEG

At Apr-24, Westpac has received an LSEG D&A ESG score of 74 (109 out of 1126 banking services companies)²

At Dec 23, Westpac has received an MSCI ESG Rating of A (score of 5.3) 3

DE&I⁴ RECOGNITION

Recognised in the Bloomberg Gender Equality Index for the 8th consecutive year

Accredited as Level 1 Activate as a Carer Friendly Employer under the CarersNSW Carers + Employers Program

Named #4 in Australia and #14 Globally for gender equality through Equileap

First Australian financial institution to be Disability Recruiter Accredited

Bronze Accreditation for Australian Workplace Quality Index

APPENDIX 4: DEFINITIONS – CREDIT QUALITY

| | >90 days past due | Includes facilities less than 90 days past due and those credit exposures, that are in default, but where it is expected that the full value of principal and accrued interest can be collected, generally by reference to the value of security held | |
|---|--|--|--------------------|
| | 90+ days past due | Includes facilities 90 days or more past due, and those credit exposures that are in default, but where it is expected that the full value of principal and accrued interest can be collected, generally by reference to the value of security held | Impaire |
| | Provision for expected credit losses | Expected credit losses (ECL) are a probability-weighted estimate of the cash shortfalls expected to result from defaults over the relevant time frame. They are determined by evaluating a range of possible outcomes and taking into account the time value of money, past events, current conditions and forecasts of future economic conditions | exposu |
| | Collectively assessed provisions (CAP) | CAP for ECL under AASB 9 represent the ECL which is collectively assessed in pools of similar assets with similar risk characteristics. This incorporates forward looking information and does not require an actual loss event to have occurred for an impairment provision to be recognised | |
| O c c c c c c c c c c c c c c c c c c c | Individually assessed provisions (IAP) | Provisions raised for losses on loans that are known to be impaired and are assessed on an individual basis. The estimated losses on these impaired loans is based on expected future cash flows discounted to their present value and, as this discount unwinds, interest will be recognised in the income statement | Stresse exposu |
| | Stage 1: 12 months ECL – performing | For financial assets where there has been no significant increase in credit risk since origination a provision for 12 months ECL is recognised. Interest revenue is calculated on the gross carrying amount of the financial asset | Total co |
| Ц | Stage 2: Lifetime ECL – performing | For financial assets where there has been a significant increase in credit risk since origination but where the asset is still performing a provision for lifetime ECL is recognised. Interest revenue is calculated on the gross carrying amount of the financial asset | exposu |
| | Stage 3 Lifetime ECL – non- performing | For financial assets that are non-performing a provision for lifetime ECL is recognised. Interest revenue is calculated on the carrying amount net of the provision for ECL rather than the gross carrying amount | Watchli substar |

Includes exposures that have deteriorated to the point where full collection of interest and principal is in doubt, based on an assessment of the customer's outlook, cash flow, and the net realisation of value of assets to which recourse is held:

| ld | | is held: |
|---|------------------------------------|---|
| at are Led Id wh ey are ccount | Impaired exposures | Facilities 90 days or more past due, and full recovery is in doubt: exposures where contractual payments are 90 or more days in arrears and the net realisable value of assets to which recourse is held may not be sufficient to allow full collection of interest and principal, including overdrafts or other revolving facilities that remain continuously outside approved limits by material amounts for 90 or more calendar days; Non-accrual facilities: exposures with individually assessed impairment provisions held against them, excluding restructured loans; Restructured facilities: exposures where the original contractual terms have been formally modified to provide for concessions of interest or principal for reasons related to the financial difficulties of the customer; |
| uture | | Other assets acquired through security enforcement (includes other real estate owned): includes the value of any other assets acquired as full or partial settlement of outstanding obligations through the enforcement of security arrangements; or |
| ward µrred | | • Any other facilities where the full collection of interest and principal is in doubt. |
| ans is d, as t | Stressed exposures | Watchlist and substandard, non-performing not impaired, and impaired exposures |
| risk nue is sk since CL is | Total committed exposures (TCE) | Represents the sum of the committed portion of direct lending (including funds placement overall and deposits placed), contingent and pre-settlement risk plus the committed portion of secondary market trading and underwriting risk |
| ne | Watchlist and substandard | Loan facilities where customers are experiencing operating weakness and financial difficulty but are not expected to incur loss of interest or principal |

APPENDIX 4: DEFINITIONS - SEGMENTS, EARNINGS DRIVERS, CAPITAL AND LIQUIDITY

SEGMENTS

| Consumer | Consumer provides banking products and services, including mortgages, credit cards, personal loans, and savings and deposit products to Australian retail customers |
|---------------------|---|
| Business and Wealth | Business and Wealth serves the banking and wealth needs of Australian customers, including small business, Agribusiness and Commercial businesses |
| WIB (1) | Westpac Institutional Bank (WIB) provides a broad range of financial products and services to corporate, institutional and government customers |
| Westpac NZ | Westpac New Zealand provides banking, wealth and insurance products and services for consumer, business and institutional customers in New Zealand |

EARNINGS DRIVERS

| Average interest- earning assets (AIEA) | The average balance of assets held by the Group that generate interest income. Where possible, daily balances are used to calculate the average balance |
|--|--|
| Group net jnterest margin | Calculated by dividing net interest income by average interest-earning assets (annualised where applicable) |
| Core net interest margin | Calculated by dividing net interest income excluding Notable Items and Treasury & Markets by average interest-earning assets (annualised where applicable) |
| Pre-provision profit | Net operating income less operating expenses |
| NCI | Non-controlling interests |
| Full-time equivalent employees (FTE) | A calculation based on the number of hours worked by full and part-time employees as part of their normal duties. For example, the full-time equivalent of one FTE is 76 hours paid work per fortnight |
| | earning assets (AIEA) Group net interest margin Core net interest margin Pre-provision profit NCI Full-time equivalent |

CAPITAL AND LIQUIDITY

| Capital ratios | As defined by APRA (unless stated otherwise) |
|---------------------------------------|--|
| Committed liquidity facility (CLF) | The RBA makes available to Australian Authorised Deposit-taking Institutions (ADIs) a CLF that, subject to qualifying conditions, can be accessed to meet LCR requirements under APS210 Liquidity. APRA announced in September 2021 that ADIs subject to the LCR should reduce their CLF usage to zero by 1 January 2023 |
| High quality liquid assets (HQLA) | Assets which meet APRA's criteria for inclusion as HQLA in the numerator of the LCR |
| Internationally comparable ratios | Internationally comparable regulatory capital ratios are Westpac's estimated ratios after adjusting the capital ratios determined under APRA Basel III regulations for various items. Analysis aligns with the APRA study titled "International capital comparison study" dated 13 July 2015 |
| Leverage ratio | As defined by APRA (unless stated otherwise). Tier I capital divided by 'exposure measure' and expressed as a percentage. 'Exposure measure' is the sum of on-balance sheet exposures, derivative exposures, securities financing transaction exposures and other off-balance sheet exposures |
| Liquidity coverage ratio (LCR) | An APRA requirement to maintain an adequate level of unencumbered high quality liquid assets, to meet liquidity needs for a 30 calendar day period under an APRA-defined severe stress scenario. Absent a situation of financial stress, the value of the LCR must not be less than 100%. LCR is calculated as the percentage ratio of stock of HQLA and CLF over the total net cash out-flows in a modelled 30 day defined stressed scenario |
| Net stable funding ratio (NSFR) | The NSFR is defined as the ratio of the amount of available stable funding (ASF) to the amount of required stable funding (RSF) defined by APRA. The amount of ASF is the portion of an ADI's capital and liabilities expected to be a reliable source of funds over a one year time horizon. The amount of RSF is a function of the liquidity characteristics and residual maturities of an ADI's assets and off-balance sheet activities. ADI's must maintain an NSFR of at least 100% |
| Risk weighted assets or RWA | Assets (both on and off-balance sheet) are risk weighted according to each asset's inherent potential for default and what the likely losses would be in case of default. In the case of non-asset-backed risks (ie. market and operational risk), RWA is determined by multiplying the capital requirements for those risks by 12.5 |

APPENDIX 4: DEFINITIONS – OTHER

| | Branch transactions | Branch transactions are typically withdrawals, deposits, transfers and payments |
|-------------|---|---|
| > | Customer satisfaction or CSAT | The Customer Satisfaction score is an average of customer satisfaction ratings of the customer's main financial institution for consumer or business banking on a scale of 0 to 10 (0 means 'extremely dissatisfied' and 10 means 'extremely satisfied') |
| | CSAT (Main Bank Service Satisfaction) (Westpac NZ) | Source: 3 month rolling Retail Market Monitor data (survey conducted by Camorra Research). Respondents are asked to rate the overall level of service they receive from their main bank (self-selected which ONE bank is their main provider of financial services) on a scale of 1 (Poor) to 5 (Excellent). The rating represents % of respondents who scored 4 (Very Good) or 5 (Excellent) |
| | CSAT – overall consumer | Source: Fifth Dimension (5D), March 2023 – March 2024, 6MR. MFI customers |
| R U U | CSAT – overall business | Source: Fifth Dimension (5D), March 2023 – March 2024, 6MR. MFI businesses |
| DrvD | DBM Australian Financial Awards | Award is based on information collected from the DBM Atlas research program – feedback from over 80,000 business owners or retail customers from January 2022 through December 2022. Award results are based on experiences and perceptions of customers surveyed in this period. For DBM Atlas and DBM Australian Financial Awards information visit www.dbmconsultants.com.au |
| L L | Digitally active | Australian consumer and business customers who have had an authenticated session (including Quickzone) on Westpac Group digital banking platforms in the prior 90 days |
| С Ц | Digital sales | The percentage of quality sales in a 12-week period that were digitally initiated (percentage against the count of all quality sales in that 12-week period) |
| | Digital transactions | Digital transactions including all payment transactions (Transfer Funds, Pay Anyone and BPAY) within Westpac Live and Compass, excl. Corporate Online and Business Banking online |
| | Mobile wallet payments | Count of transactions that use a digital card via apple pay, fitbit pay, garmin pay, google pay and samsung pay products |

| Average App sessions per day | Total number of sessions on Westpac Live & Compass initiated using an app over total number of days within a half year period |
|---------------------------------|---|
| MFI share | MFI share results are based on the number of customers who have a Main Financial Institution (MFI) relationship with an institution, as a proportion of the number of customers that have a MFI relationship with any institution |
| Consumer MFI share | Source: Roy Morgan Single Source, March 2023 (1H23), September 2023 (2H23) and March 2024 (1H24), 6MR. MFI Banking Group customers. |
| Net Promoter Score or NPS | Net Promoter Score measures the net likelihood of recommendation to others of the customer's main financial institution for retail or business banking. Net Promoter ScoreSM is a trademark of Bain & Co Inc., Satmetrix Systems, Inc., and Mr Frederick Reichheld. Using a 11 point numerical scale where 10 is 'Extremely likely' and 0 is 'Not at all likely', Net Promoter Score is calculated by subtracting the percentage of Detractors (0-6) from the percentage of Promoters (9-10) |
| NPS Consumer (Westpac NZ) | Source: 3 month rolling Retail Market Monitor data (survey conducted by Camorra Research). Respondents are asked about likelihood to recommend their main bank to family and friends on a scale of 1 (extremely unlikely) to 10 (extremely likely). Net Promoter Score is represents % of Promoters (recommend score of 9 or 10) minus % of Detractors (recommend score of 1 to 6) |
| NPS – overall consumer | Source: Fifth Dimension (5D), March 2023 – March 2024, 6MR. MFI customers |
| NPS – overall business | Source: Fifth Dimension (5D), March 2023 – March 2024, 6MR. MFI businesses |
| NPS - Mortgages | Source: Fifth Dimension (5D) for March 2024 (1H24), 6MR, AFI customers. Mortgage NPS measures the likelihood to recommend the Mortgage they hold with their financial institution |
| St.George (SGB) brands | SGB brands (Consumer): St.George Bank, Bank of Melbourne, BankSA; for MFI Share also includes RAMS SGB brands (Business): St.George Bank, Bank of Melbourne and BankSA |
| Westpac rank | The ranking refers to Westpac's position relative to the other three major Australian banks (ANZ, CBA and NAB) |

DISCLAIMER

The material contained in this presentation is intended to be general background information on Westpac Banking Corporation (Westpac) and its activities.

The information is supplied in summary form and is therefore not necessarily complete. It is not intended that it be relied upon as advice to investors or potential investors, who should consider seeking independent professional advice depending upon their specific investment objectives, financial situation or particular needs. The material contained in this presentation may include information derived from publicly available sources that have not been independently verified. No representation or warranty is made as to the accuracy, completeness or reliability of the information. This presentation should be read in conjunction with our 2024 Interim Financial Results. This includes references to our systems and processes, which may not always be 100% effective and are subject to risks and other factors, including those described in the section titled 'Risk factors' in our 2024 Interim Financial Results.

All amounts are in Australian dollars unless otherwise indicated.

The financial information in this presentation is presented in accordance Australian Accounting Standards (AAS) and is also compliant with International Financial Reporting Standards.

The assessing Westpac's performance and that of our operating segments we use a number of financial measures, including amounts, measures and ratios that are presented on a non-AAS basis. Non-AAS financial measures and ratios do not have standardised meanings under AAS. As such they are unlikely to be directly comparable to similar measures presented by other companies and should not be viewed in isolation from, or as a substitute for, the AAS results.

Chefer to Westpac's 2024 Interim Financial Results for the six months ended 31 March 2024 available at www.westpac.com.au in the section "Results Announcement to the market - Introduction" for details of the non-AAS

This presentation contains statements that constitute "forward-looking statements" within the meaning of Section 21E of the US Securities Exchange Act of 1934. Forward looking statements are statements that are not istorical facts. Forward-looking statements appear in a number of places in this presentation and include statements regarding our intent, belief or current expectations with respect to our business and operations,

macro and micro economic and market conditions, results of operations and financial condition, capital adequacy and risk management, including, without limitation, future loan loss provisions and financial support to certain borrowers, forecasted economic indicators and performance metric outcomes, indicative drivers, climate- and other sustainability-related statements, commitments, targets, projections and metrics, and other stimated and proxy data.

We use words such as 'will', 'may', 'expect', 'intend', 'seek', 'would', 'should', 'could', 'continue', 'plan', 'estimate', 'anticipate', 'believe', 'probability', 'indicative', 'risk', 'aim', 'outlook', 'forecast', 'f'cast', 'f', 'assumption', 'projection', 'target', 'goal', 'guidance', 'ambition', or other similar words to identify forward-looking statements, or otherwise identify forward-looking statements. These forward-looking statements reflect our current views on future events and are subject to change, certain known and unknown risks, uncertainties and assumptions and other factors which are, in many instances, beyond our control (and the control of our officers, employees, agents and advisors), and have been made based on management's expectations or beliefs concerning future developments and their potential effect upon Westpac. Forward-looking statements may also be made, verbally or in Cyrriting, by members of Westpac's management or Board in connection with this presentation. Such statements are subject to the same limitations, uncertainties, assumptions and disclassing statements, depending on various factors including, but not limited to, those described in the section titled 'Risk factors' in our 2024 Interim Financial Results for the six months ended 31 March 2024 available at www.westpac.com.au. When relying on forward-looking statements to make decisions with respect to Westpac, investors and others relying on information in forward-looking statements contained in this presentation in this presentation in this presentation should carefully consider such factors and other uncertainties and events. Except as required by law, we assume no obligation to revise or update any forward-looking statements contained in this presentation.

Further important information regarding climate change and sustainability-related statements

This presentation contains forward-looking statements and other representations relating to environment, social and governance (ESG) topics, including but not limited to climate change, net-zero, climate resilience, natural capital, emissions intensity, human rights and other sustainability related statements, commitments, targets, projections, scenarios, risk and opportunity assessments, pathways, forecasts, estimated projections and other proxy data. These are subject to known and unknown risks, and there are significant uncertainties, limitations, risks and assumptions in the metrics and modelling on which these statements rely.

In particular, the metrics, methodologies and data relating to climate and sustainability are rapidly evolving and maturing, including variations in approaches and common standards in estimating and calculating emissions, and uncertainty around future climate and sustainability related policy and legislation. There are inherent limits in the current scientific understanding of climate change and its impacts. Some material contained in this presentation may include information including, without limitation, methodologies, modelling, scenarios, reports, benchmarks, tools and data, derived from publicly available or government or industry sources that have not been independently verified. No representation or warranty is made as to the accuracy, completeness or reliability of such information. There is a risk that the estimates, judgements, assumptions, views, models, scenarios or projections used by Westpac may turn out to be incorrect. These risks may cause actual outcomes, including the ability to meet commitments and targets, to differ materially from those expressed or implied in this presentation. The climate and sustainability related forward-looking statements made in this presentation are not guarantees or predictions of future performance and Westpac gives no representation, warranty or assurance (including as to the quality, accuracy or completeness of these statements), nor guarantee that the occurrence of the events expressed or implied in any forward-looking statement will occur. There are usually differences between forecast and actual results because events and actual circumstances frequently do not occur as forecast and these differences may be material. Westpac will continue to review and develop its approach to ESC as this subject area matures
