

Standard Conditions for crowd funding service licences

If we grant you a crowd funding service licence, the licence will be subject to conditions. See section [402](#) of the [Financial Markets Conduct Act 2013](#) (**FMC Act**).

Conditions will include:

- A condition that the licensee or authorised body may, under the licence, only provide the market services or class of market services to which the licence relates and for which each person is authorised under the licence (see section [402\(1\)\(a\)](#) of the FMC Act);
- Conditions imposed by the FMA under section [403](#) of the FMC Act – these will generally include:
 - The standard conditions (see **part A** below), and
 - Any specific conditions (see **part B** below).
- Any conditions imposed by regulations (see **part C** below). As at 1 December 2014, the only relevant regulations are the [Financial Markets Conduct Regulations 2014](#) (the **Regulations**).

We will consult with industry prior to changing the standard conditions in Part A.

A. Standard conditions

Where a crowd funding service licence refers to *standard conditions*, this means the following conditions, which will be effective on and from 1 April 2014:

1. Skills and expertise

Standard condition:

You, or any authorised body covered by your licence, must inform us whenever there is a change in your key people and managers.

Explanatory note: Your **key people and managers** means the people in your management team responsible for the main activities required for you to deliver the licensed service. Regulation [191](#) already requires you to inform the FMA as soon as practicable when there is any change to your directors or senior managers, or to the key personnel of your authorised bodies. Standard condition 1 applies to the other key people and managers you should have told us about when you first applied for a licence and requires you to keep that information up to date. You can find details of who these people are in the capability section of the Licensing Application Guide.

2. Outsourcing

Standard condition:

If you outsource a process/system necessary to the effective and proper running of the crowd funding service (or any other market services licensee obligation) you must be satisfied that the provider is capable of performing the service to the standard required to enable you to meet your market services licensee obligations and you must have a legally binding agreement with the provider. You must also ensure that records pertaining to the crowd funding service are available for inspection when requested by the FMA.

Explanatory note: This condition only covers outsource arrangements related to the licensed business where you rely on the outsource provider to meet your market services licensee obligations. Important information that you may want to consider when conducting due diligence on a proposed outsource provider includes:

- The outsource provider's previous experience
- Public reports and information about their service
- Reported complaints about them, and their complaint handling procedures
- Their operating jurisdiction and any protections/controls imposed in that jurisdiction.

You should regularly review your outsourcing arrangements (at a frequency appropriate to the risk involved) and you should monitor the ongoing performance of the outsource provider. For further information in relation to outsourced services see the outsourcing section of the Licensing Application Guide. You don't need to arrange for the FMA to have direct access to the outsource provider's records, providing we can promptly obtain the records through you.

3. Records

Standard condition:

You must have systems and procedures to maintain relevant records pertaining to your market service and you must provide us with the records we need to monitor your on-going capability to effectively perform the crowd funding service in accordance with the applicable eligibility criteria in the Act.

Explanatory note: This standard condition requires you to have arrangements in place so that we can inspect your records without unnecessary delays. We would expect this to involve reliable archival systems and getting client consents in advance. This also requires you to have appropriate arrangements in place with outsource providers (see standard condition 2 above).

4. Regulatory returns

Standard condition:

You must provide us with the information we need to monitor your on-going capability to effectively perform the crowd funding service in accordance with the applicable eligibility criteria in the Act. This will include updated information on the nature, size and complexity of your crowd funding service. Information must be provided in accordance with any Regulatory Return Framework and Methodology we issue under subpart 4, part 9 of the Act.

Explanatory note: In future, all licensees will be asked to provide information to the FMA on a periodic or ongoing basis, or on request, in accordance with the requirements set out in a Regulatory Return Framework and Methodology. Under section [412](#) of the FMC Act you have obligations to report various matters to the FMA as soon as practicable, including any material change of circumstances. This standard condition is in addition to those reporting obligations and any other reporting obligations that may be imposed in regulations. The regulatory returns will help the FMA to understand the profile of your business and to focus its resources appropriately. This is likely to require reporting of factual business information, such as business volumes and services types, numbers of customers, numbers and types of breaches, and complaints information. FMA will consult with industry prior to publication of the Regulatory Return Framework and Methodology which will form part of the standard conditions.

5. Compliance

Standard condition:

You must have, at all times, adequate and effective systems, policies, processes and controls that are likely to ensure you will meet your market services licensee obligations in an effective manner.

Explanatory note: This condition requires you to keep your systems, policies, processes and controls up to date to ensure you are always likely to be able to meet your market services licensee obligations in an effective manner. Changes may be needed over time as the size or scope of your business changes or due to changes in the market as a whole. You should consider whether your systems, policies, processes and controls are sufficient to meet the requirements of the FMC Act and Regulations by reference to the minimum standards set out in the relevant Licensing Application Guide.

6. Governance arrangements

Standard condition:

Your governance and compliance arrangements must be substantially the same as, or better than, those in place, or which the FMA was advised of, at the time you applied for your licence (or any subsequent change advised to the FMA). You must notify the FMA of material changes to your governance and compliance arrangements.

Explanatory note: This condition requires you to maintain your compliance and governance arrangements to at least the standard you have told us about, but it allows flexibility for these arrangements to be improved. This condition also requires you to notify us of material changes to your governance and compliance arrangements, which includes any material change to your outsource arrangements. For further information in relation to the requirements of your governance and compliance arrangements see the governance and compliance sections of the Licensing Application Guide.

7. Financial resources

Note: this condition (*Financial Resources*) will not apply to you if you are a registered bank, an NBDT (as defined in the FMC Act), or a licensed insurer.

Standard condition:

You must calculate your **net tangible assets (NTA)** at least monthly, including as at your balance date each year. If your calculation shows that you did not have positive net tangible assets at any time, you must notify the FMA and provide an explanation, unless:

- a) you have previously notified the FMA that you have negative net tangible assets and explained:
 - (i) the circumstances that cause you to have negative NTA, including the nature of any significant intangible assets or related party receivables, and
 - (ii) whether you consider having negative NTA adversely impacts on your ability to carry out the market service effectively on an ongoing basis and why, and
- b) the FMA has advised in writing that you do not need to provide further notifications in respect of having negative NTA arising from those circumstances, and
- c) there has been no material change from the position and circumstances described to the FMA in your most recent previous notification.

You must also engage a qualified auditor and enter into agreed upon procedures terms with the auditor to provide for the auditor to review the calculation of your NTA as at your balance date each year. The auditor's report must include a statement that, as at your balance date, in the auditor's opinion, you calculated your net tangible assets correctly.

Explanatory note: Net tangible assets (NTA) has the meaning set out in appendix 1 of this document.

B. Specific conditions

We may also set extra licence conditions for individual entities on a case by case basis, for example:

1. Limits

If you request a limit on your licensed activity, or can only demonstrate the capacity to provide an effective service within certain parameters, we may set limits on your licence.

2. Use of service by you or associated people

If you want to be able to use your service yourself, or allow associated people to use your service, then you will need to demonstrate that your systems and procedures adequately address the conflict of interest. If we consider your systems and procedures are not adequate to manage a conflict of interest we may impose conditions on your licence concerning the use of the service by your business or associated people.

Any specific conditions will be notified to you at the time we grant you your licence.

C. Conditions imposed under Regulations

Regulations made pursuant to the FMC Act may impose additional conditions on your licence. These regulations may change from time to time, so you will need to keep abreast of any new regulations.

The FMC Act and regulations also contain many obligations that you will need to comply with when you have a licence even though they are not called licence conditions. For example section [412](#) of the FMC Act requires you to report various matters to the FMA as soon as practicable, including any breach (or likely breach) of your market services licensee obligations and any other material changes of circumstances.

As at 1 December 2014, the regulations that impose additional licence conditions on a crowd funding licence are regulations [191](#), [193](#), [195](#), [196](#) and [197](#) of the Regulations. Appendix 2 sets out these regulations, but you should refer to the FMC Act and Regulations in full to understand your market service licensee obligations.

 - b) plus the maximum potential liability under any guarantee provided by the market services licensee [other than a guarantee limited to an amount recoverable out of any scheme property of a managed investment scheme operated by the licensee] **Note: the language in square brackets in this paragraph b) only applies if the FMA licenses you as a managed investment scheme manager.**

“Equity crowd funding is risky.

*Issuers using this facility include new or rapidly growing ventures. *Investment in these types of businesses is very speculative and carries high risks. “You may lose your entire investment, and must be in a position to bear this risk without undue hardship.

“New Zealand law normally requires people who offer financial products to give information to investors before they invest. This requires those offering financial products to have disclosed information that is important for investors to make an informed decision.

“The usual rules do not apply to offers by issuers using this facility. As a result, you may not be given all the information usually required. You will also have fewer other legal protections for this investment.

 - “• I understand that I may not be given the same information as is usually required by New Zealand law for investments.”
- (2) The confirmation must be obtained in writing in a separate document or, if it is obtained by electronic means, through a process by which it is obtained separately from the agreement to use the service.
- (3) The confirmation must be obtained by the provider before the investor is authorised to use the service.
